

**PSAV**<sup>TM</sup>  
PRESENTATION SERVICES

MAKE THEM **SIT UP AND TAKE NOTICE** ►

## YOU ONLY HAVE **ONE CHANCE**

### TO MAKE A PRESENTATION GREAT.

It's hard work. So much to organize, so much at stake.  
And when all is said and done, success comes down to one thing:

## WILL THEY REMEMBER YOUR MESSAGE?

They judge you by more than what you say.  
The impression you create depends on how it looks, sounds and feels.  
Professional delivery **captures their attention** and **opens their minds**.  
Having an expert support team in-house gives you the confidence to  
**deliver it in style.**

**WHY CHOOSE PRESENTATION SERVICES?**

## THE RIGHT ADVICE

Our in-house audiovisual consultants can advise you on the best way to **communicate clearly** with your audience.

We know every inch of the venue. We check screen sizes, sightlines, and lighting levels, to make sure everything will **work smoothly**. You won't have last-minute dramas with room access, power supplies or rigging.

Presentation Service works as a **close-knit team** with the hotel, planning well in advance to ensure that everything is just right on the day.

## THE REASSURANCE OF BACKUP

Meetings change constantly, and last-minute equipment needs are a fact of life. When your guest speaker needs an extra microphone ASAP, we'll have it on site. Problem solved. **On with the show.**

## SERVICE THAT MEASURES UP

Everyone tells you they offer great service. Very easy to say, much harder to deliver. Presentation Services is the **only audiovisual company** that has engaged the renowned J.D. Power and Associates™ customer satisfaction research program to make sure we deliver.

## VIDEO

Video and multi-media projection, plasma screens, replay systems, cameras and more to keep your image crisp.

## AUDIO

Clean, even sound for maximum impact. Speaker systems that don't look intrusive in the corporate environment.

## LIGHTING

A well-lit presenter carries a more impressive presence. An imaginatively-lit set creates drama and anticipation.

## STAGING

Everything you need to create a professional environment on stage. From stage sets to computerized tele-prompter systems

## COMPUTER SYSTEMS

A single notebook or a network across multiple rooms to manage presenter visuals. High speed web links and on-site cyber cafes. Computer labs for training.

## VIDEO AND AUDIO RECORDING

A professional record of your event that can be distributed on CD-ROM if required.

## CONFERENCE EQUIPMENT

The breakout room details that keep a conference running. Whiteboards, flipcharts, podiums, video monitors and more, installed with the same care as the high-tech systems in the general session rooms.
